---

Jim,

Here are the 2009 YRBS results for Lander County. Please let me know if you have any questions or need anything else.

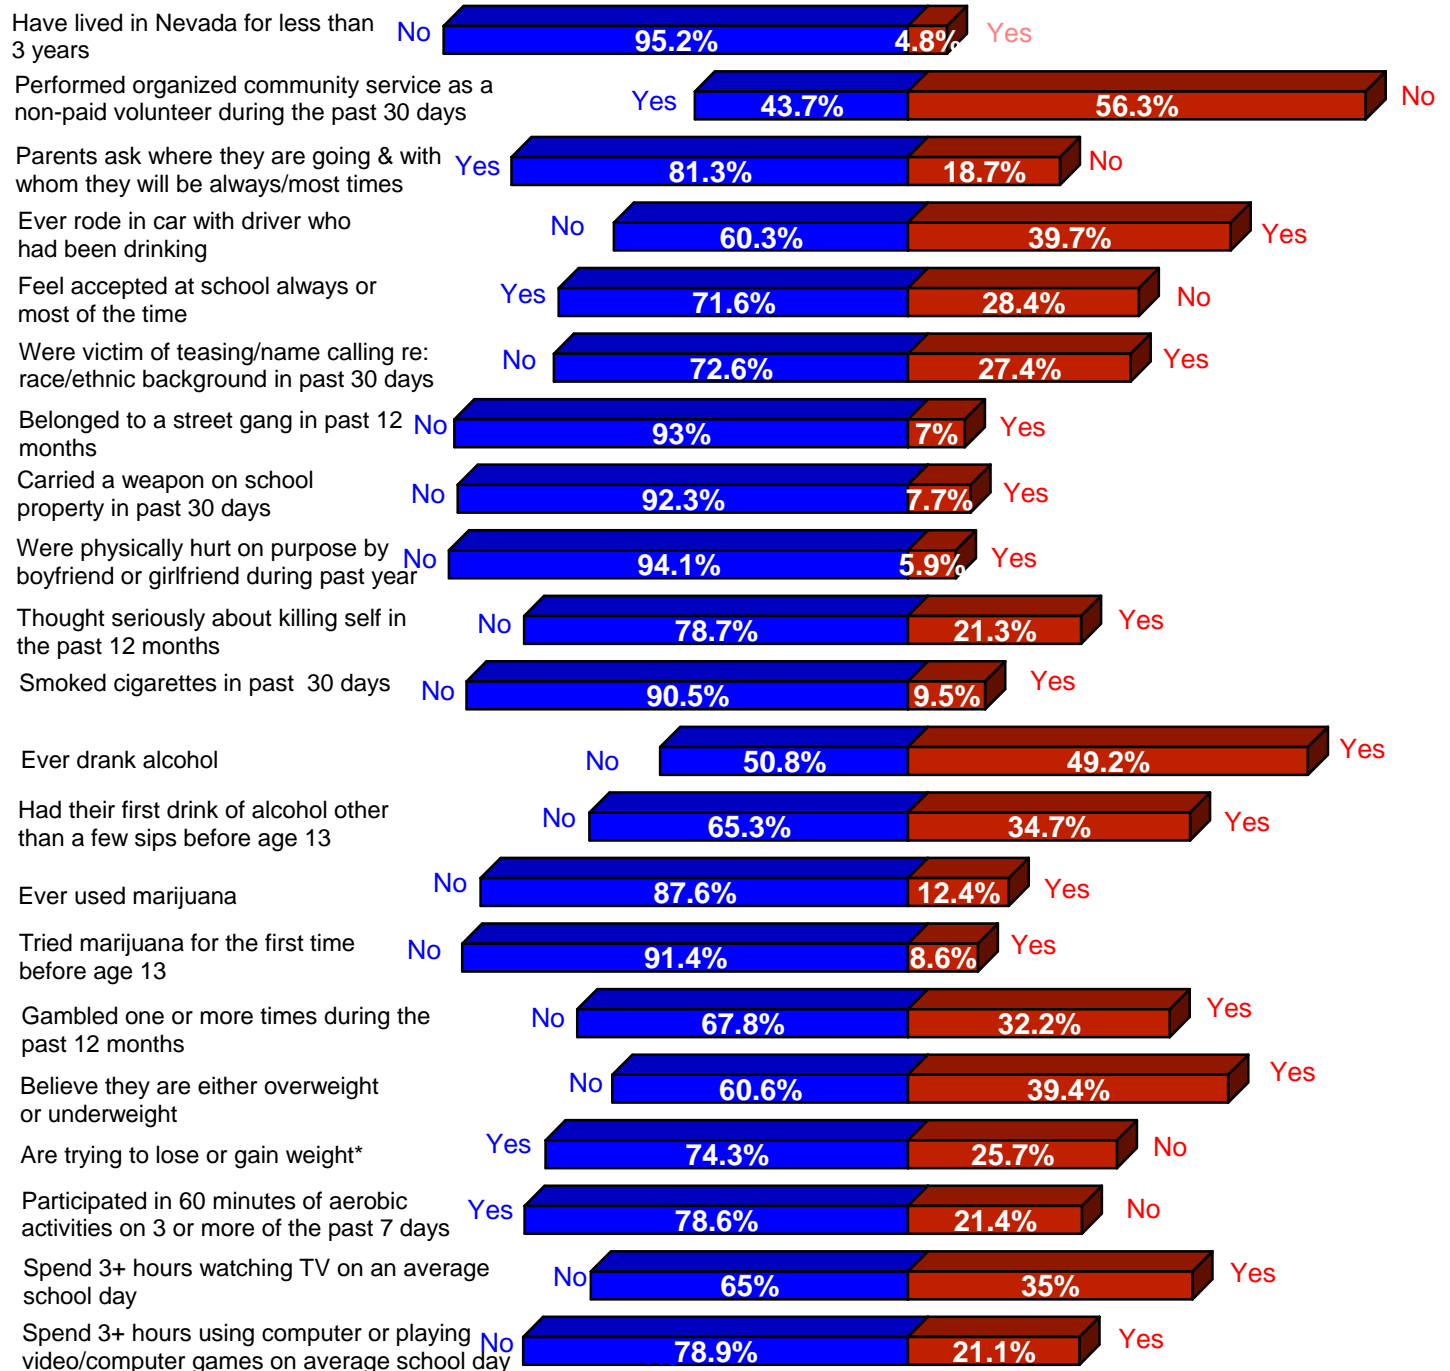

I was impressed with your district's response on the community service question at both middle school and high school. In most of the other districts fewer than 30% of students reported participation in organized community service, while more than 40% of your students said they had participated in this sort of activity.
